Competitive Cheerleading - Full Implementation

In an effort to assist NYSPHSAA member schools with questions and concerns pertaining to competitive cheerleading, please reference the topics and information included in this document. For additional information, please contact: Todd Nelson, NYSPHSAA Assistant Director at tnelson@nysphsaa.org / (518) 690-0771.

Traditional Cheer vs. Competitive Cheer: The NYSPHSAA Cheerleading Committee has recommended any CHEERLEADING Squad that stunts or tumbles (see definitions below, as per USA Cheer/formerly known as AACCA) be considered a Competitive Cheer Squad and would be subject to all SED and NYSPHSAA rules and regulations. A team that does not stunt and tumble would be a traditional squad and NOT subject to SED and NYSPHSAA rules and regulations.

- **Stunt:** One or more persons supporting one or more top persons off of the ground.
- **Tumbling:** Gymnastic skills that begin and end on the performing surface, including rolls, inverted, extended skills (cartwheels, handstands, walkovers, handsprings, etc.), aerials, twists and flips. NOTE: Jumps, leaps and side rolls on the performing surface are not considered to be tumbling.

NYSED Regulations: All SED regulations (Age, Grade, Bona Fide Student, Duration of Competition, Health exams, et c.) will be followed along with the regulations listed below:

- Mixed Competition: Outlined by SED
- The Athletic Placement Process (for 7th and 8th grade students to be recommended by the head coach for a JV or Varsity level sport). 7th and 8th grade students must be approved through the Athletic Placement Process before tryouts begin. The students take the physical fitness test (Presidents Physical Fitness Test) and they must pass 4 out of 5 of the components. The standards are determined by their age and they must meet at least the 85th percentile for each test component.
- Coaching Certification: All Competitive Cheerleading coaches will have to have the following to be certified coaches for the Winter season as per SED regulations: All non-certified teacher coaches will have to apply for a temporary coaching certificate. Any outside clinician that works with a team for more than 5 days during the season will also have to apply for a temporary coaching certificate.
 - First Aid and CPR/AED
 - Fingerprinting
 - Child Abuse Course
 - Concussion Management Course
 - DASA Training (if applying for a temporary coaching license)
 - USA Cheer Safety (formerly known as AACCA)
 - All non-PE coaches will have to begin to take the three required courses:
 - Philosophies and Principles of Coaching - first year
 - Theories and Techniques - by 3rd year
 - Health and Sciences - by 5th year

NYSPHSSA Resources

- Several resources are available for coaches on the NYSPHAA website including score sheets, progression sheets, rules and training resources.

- Although currently not required, trainings are offered and encouraged for coaches for both the Fall and Winter Cheer seasons, including Q&A sessions.

NYSPPHSAA General Eligibility:

All current NYSPPHSAA eligibility rules (including the transfer rule) will be enforced for all Competitive Cheerleading Squads. Two of those regulations are highlighted below:

- Fall Cheerleading and Winter Cheerleading: The Cheerleading Committee has recommended that students/teams be allowed to compete in both seasons because of well-established league and sectional events. The NYSPPHSAA Championship events will be held in the Fall for Game Day Cheer and in the Winter for Traditional Competitive Cheerleading.
- Interstate Sanctioning: Teams will have to follow the sanctioning process if they are attending an out of state event or hosting an event that has out of state schools competing. NY schools may only compete against member/approved schools.

Competition Standards for the sport of competitive cheerleading.

Frequently Asked Questions - Competitive Cheerleading

Now that the Board of Regents has recognized Competitive Cheerleading as a sport, the State Education Department and the NYSPHSAA has finalized the exact rules and regulations that will govern the sport of Competitive Cheerleading. Below are some questions we have received regarding how cheerleading may look as we move forward.

Q - What is the difference between Traditional Cheerleading and Competitive Cheerleading? Will schools be able to just have traditional cheerleading?

A - Schools will be able to just offer traditional cheerleading squads. These squads will not follow the rules and regulations of SEO or the NYSPHSAA. If a traditional squad incorporates stunting/tumbling into a sideline or halftime routine they will be considered a competitive cheerleading squad and will have to follow the rules and regulations of SEO and NYSPHSAA. Schools can choose to be both.

Q - Will coaches have to be certified to coach competitive cheerleading?

A - All competitive cheer squads will have to have a properly certified coach per SEO regulation. All SEO coaching certifications will have to be followed. Please contact your athletic administrator for the exact requirements to coach competitive cheerleading

Q - Will teams be able to be selected in the Spring for the following year?

A - Teams will have to be selected at the beginning of the Section established season in the same manner other sports are selected. The NYSPHSAA allows only the membership of the NYSPHSAA the direction of Competitive Cheerleading will be determined out of season activities as long as it is open to all students and it is not mandatory by the coaches. Some sections and leagues can be more restrictive, please check with your athletic administrator.

Q - Will teams be able to compete in both the Fall and Winter seasons?

A - The NYSPHSAA Competitive Cheerleading season will be during the Winter season. The NYSPHSAA will NOT hold any state level events in the Fall for Competitive Cheerleading.

Q - Can teams bring in experts to work with the Competitive Cheerleading squads?

A - Teams can bring in clinicians to work with their teams if this is a permissible practice of the school district. Clinicians work with the teams sporadically and not on a consistent basis. Clinicians do not have to be certified to work with the teams.

Q - Can teams travel out of state or host out of state teams for competitions?

A- Any competitions that our schools participate in would have to be properly sanctioned by the NYSPHAA office. New York schools may only compete against member/approved schools.

Q- Would student athletes and teams have to have a minimum number of practices before competing in a competition?

A - Students and teams will have to have a minimum number of practices before competing. 6 team/6 individual

Q - Will the Selection Classification process be used for Competitive Cheerleading?

A- The gymnastics standards of the Selection Classification process will be used to selectively classify 7th and 8th graders to the high school level as per SED regulations.

A-As a recognized sport, Competitive Cheerleading squads will be eligible for the scholar athlete program and state scholar athlete championship.

Q - Who can I contact as a coach or athletic director to give my input on the direction of Competitive Cheerleading?

A- Coaches and athletic directors can contact their Section Executive Director, Section Cheerleading Representative, or the NYSPHSAA office staff The NYSPHSAA is a membership led organization.
