

Section IX Athletics

Gregory P. Ransom, Executive Director

Section IX COVID-19 Seeding/Qualifying Criteria for Team Sports

1. Any league or division game that is used for qualifying or seeding in the OCIAA or MHAL that is canceled due to COVID-19 will split the points evenly for the purposes of seeding and qualifying.
2. The game can be made up at the discretion of the schools or by league requirement, but the results will not be used for seeding purposes but can be used as criteria by a sports committee or the Executive Director for a committee selection into the tournament.
3. If you must quarantine only a few players and still have enough athletes to play you are obligated to play the game as scheduled.
4. Football can reschedule a potential COVID-19 game if it stays within the same weekend as originally scheduled. Ex: If you cannot play on Friday night because of a COVID-19 quarantine you can reschedule to Saturday or Sunday of that weekend.
