Tournament Seeding

In the event of a tie, the following criteria will be used to determine class/division/seeding champion for sectional tournament representation. Once the tie is broken, the tie breaking process will be reinitiated:

- 1) Head to Head competition in class/division
- 2) Point differential of teams involved in the tie. Maximum point differential is 21 points per game. Apply negative point differential against the tied teams only (the team closest to zero is the champion).
- 3) Blind Draw
