Action Item Discussion Item X Informational Item
Presenter:
Al Roy, NYSPHSAA Baseball State Coordinator
Proposal:
The NYSPHSAA Baseball Committee is seeking approval to adopt the following modifications to the
current Pitch Count Rule at the varsity level:
April:
o 76-85 (4 Nights Rest)
<ul> <li>46-75 (3 Nights Rest)</li> </ul>
o 31-45 (2 Nights Rest)
o 1-30 (1 Nights Rest)
May:
o 96-105 (4 Nights Rest)
o 66-95 (3 Nights Rest)
o 31-65 (2 Nights Rest)
o 1-30 (1 Nights Rest)
• June:
o 103-125 (4 Nights Rest)
o 72-102 (3 Nights Rest)
o 41-71 (2 Nights Rest)

#### **Effective Start Date:**

2021 season only, then the counts will return to the original rule.

1-40 (1 Nights Rest)

#### Rationale:

A sub-committee of Chris McCarthy (1), Mike DeMagistris (2) and Jason Bunting (5) discussed and proposed these counts to accommodate the change in the spring seasons (due to COVID). The pitch count does not differ from the current rule, it simply applies to different months due to the late start of the season. The committee emphasized sections can be more restrictive with the proposed counts if they choose. The JV and Modified Pitch Count Rules would not be impacted if this proposal is adopted.

#### **Proposal Originated:**

The NYSPHSAA Baseball Committee discussed this in their annual meeting on January 6, 2021. A sub-committee was formed to develop this proposal which was voted 11-0 by the baseball state committee via video call on March 25, 2021 in support of it.

#### SECTIONAL CONCERN - SECTION III - Use of Cohort Numbers

#### Presenter:

Monica Tooley – Section III Executive Committee Rep Todd Nelson – NYSPHSAA Assistant Director

#### Sectional Concern:

School enrollment numbers

#### Addressing the Sectional Concern:

NYSPHSAA would use school COHORT data instead of BEDS data to determine the School's Enrollment Numbers for all member schools.

#### Rationale:

NYSPHSAA has used BEDS data supplied by the SIRS Department at SED to establish school enrollment numbers for their member schools. Currently schools have flexibility in what grades students are placed within the BEDS report. Students are placed in a particular COHORT once they enter the 9<sup>th</sup> grade. Students stay in this COHORT all the way through their scholastic career unless they change schools which could affect their COHORT placement. The COHORT reports are certified by the district to the state in August of each year. There is no public COHORT report available to NYSPHSAA. Each school would have to submit an official COHORT document to either the Section or NYSPHSAA.

#### **Budgetary Impact:**

None

#### Notes:

Currently we are determining if non-public schools have this COHORT information and if they are required to certify the data to NYSED. We will have a finalized proposal for the May Executive Committee meeting for discussion.

Action Item

#### Proposal:

X

Consider approval of only utilizing digital tickets starting with the 2021-2022 NYSPHSAA State Championships with the following ticket prices; \$10 + fees (2021-2022), \$11 + fees (2022-2023), and \$12 + fees (2023-2024).

#### **Effective Start Date:**

Fall 2021

#### Rationale:

Digital ticketing allows for the association to avoid handling cash on site. In addition, it improves event management by providing the ability to limit capacity, if needed and helps avoid lines. Furthermore, with the purchase, the fan provides an email address which will provide an opportunity to communicate important event information (i.e. details about the event, promote merchandise sales, digital program, etc.).

NYSPHSAA will see increased expenses, like additional cleaning and sanitizing fees, and additional staffing requirements. There is also potential for increased facility costs due to extending schedules/days. Other possible increased expenses for NYSPHSAA includes single occupancy hotel rooms for officials, which is estimated to cost at least an additional \$50,000 a year.

#### **Proposal Originated:**

**Budget & Audit Committee** 

#### **Budgetary Impact:**

\$10 – Ticket revenues estimate is \$902,710 plus \$31,760 in GoFan money for a total of \$934,470. This would be an increase from Actual 18-19 ticket revenue of approximately \$50,000. *Total fan cost \$11.50*.

\$11 – Ticket revenues estimate is \$980,639 plus \$32,297 in GoFan money for a total of \$1,012,936. This would be an increase from Actual 18-19 ticket revenue of approximately \$130,000. *Total fan cost* \$12.55.

\$12 – Ticket revenues estimate is \$1,069,788. This would be an increase from Actual 18-19 ticket revenue of approximately \$186,000. Total fan and additional potential revenue is dependent on digital ticketing partner at that time.

# BOYS/GIRLS VOLLEYBALL: Modify the Selection Process of Officials for the NYSPHSAA State Tournament

X	Action Item Discussion Item Informational Item
Present	ter:
Greg Ra	ansom, CAC Chair

#### Proposal:

The Championship Advisory Committee is recommending modifying the language in the NYSPHSAA Fees and Policies document for Selection of Officials for Boys and Girls Volleyball to the following:

"Two officials from each participating Section"

#### **Effective Start Date:**

Todd Nelson, NYSPHSAA Assistant Director

2021 Fall Season

#### Rationale:

Currently, one official from each Section and the host Section provides officials to be the lines people during the pool play round and the finals. With this recommendation, the host Section would no longer need to provide the officials for the NYSPHSAA tournament. The quality of the officials would be increased because the Sections would be sending the two best. With this format the officials would be assigned in pods of four and would be able to rotate positions between matches and be provided rest throughout the tournament.

#### **Proposal Originated:**

Boys and Girls Volleyball Committees on March 23 and 24, 2021

#### **Budgetary Impact:**

There would be no change in the fees that will be paid for matches by NYSPHSAA because we are currently paying all officials the appropriate match fee. The NYS Volleyball Officials have offered, if this proposal is approved, to provide all the officials a meal stipend for the tournament. NYSPHSAA would continue to provide a meal to the officials through our hospitality venue. According to the Volleyball Officials rep there should not be an increase to travel cost due to both officials sharing transportation to the tournament from the same Section. NYSPHSAA would see an increase in lodging cost. The NYSPHSAA staff has determined that based on the provisions mentioned above the total estimated increase would be \$800 in total officials expenses for both tournaments.

#### Notes

The following sports currently send 2 officials per Section: Baseball, B/G Basketball, Football, B/G Soccer (3 for Boys), and Softball.

# <u>Handbook Committee:</u> Revising TASC language to the NYSPHSAA Handbook under Bona Fide student regulation

Action Item
X Discussion Item
Informational Item
Presenter: Pat Pizzarelli, Handbook Chair Dr. Robert Zayas, NYSPHSAA Executive Director
Proposal: The NYSPHSAA Handbook Committee is recommending revising the current language in the NYSPHSAA handbook regarding TASC (GED) students to the following. "Students enrolled in a TASC program (GED) must be receiving 2.5 hours of instruction daily and also meet the physical education requirement in accordance with SED Bona Fide student regulation".
Effective Start Date: Updated following the May Executive Committee Meeting
Rationale: The current language reads, "For assistance in determining the eligibility of students enrolled in a GED program, please contact the NYSPHSAA office." The office assistance is always the same response. The student must be receiving 2.5 hours of instruction daily and meet the physical education requirement. The revised language proposed will spell out the assistance and not necessitate an athletic administrator contacting the NYSPHSAA office. As always, the NYSPHSAA staff will be able to assist our member schools if clarification is needed by the athletic administrator.

#### **Status Updates:**

- 1. Concussion Management Update Updates to the NYS Concussion Management Law has been introduced in both the Senate and Assembly for the current legislation session. BIANYS and NYSPHSAA have worked together on these updates. The main update will require all schools to have a concussion management team. It is expected that this legislation will be voted on in the current session. Brian Reiger continues to work with the NYS COA and NYSAPHERD on developing guidelines for return to PE. He will keep the committee posted. NYSPHSAA is continuing their partnership with ezSCRN. ezSCRN is an invaluable tool in any school's concussion management program. ezSCRN provides great communication and data collection for a school district. This tool will be able to provide valuable information to a school's concussion management team. ezECRN has provided great NYSPHSAA pricing based on a school's classification.
- 2. Anyone Can Save a Life: Schools are reminded to add this program for all of their interscholastic teams. This program allows teams to be proactive instead of reactive involving an emergency medical situation. Please visit <a href="https://www.anyonecansavealife.org">www.anyonecansavealife.org</a> for more information.

#### Items Discussion/ Action Taken:

1. Girls Lacrosse Headgear: NYSPHSAA has discussed this topic for many years. Based on this discussion significant improvements to the rules, coaching and officiating training, and equipment have been made by the governing bodies. Currently the rules for Girls Lacrosse allow individual student athletes and teams to wear a soft headgear that meets the ASTM standard. There are organizations that have required the headgear to be worn by all players in girl's lacrosse (PSAL, FHSAA, and a league in Virginia). The Safety Committee was given some research and data from the PSAL and US Lacrosse (based on the Virginia League). The PSAL data showed a decrease in head injuries over the two-year period they required the use of headgear. The US Lacrosse study showed that headgear decrease the force of a stick and ball when making contact with the head. A majority of the Sections felt the data was significant enough to continue with the discussion of mandating headgear. Some Section pointed out that Massachusetts mandated headgear but then rescinded the mandate after one year. Other Sections felt like the skill level of the players and teams also contributed to the head injury rate. Brian Reiger pointed out that the data showed no increase injuries due to the use of the headgear. This is similar results shown in the sport of skiing when helmets were introduced in that sport. He also stated more data should be obtained. BIANYS will being meeting with US Lacrosse to try and obtain more data. Liz Parry (Girls Lacrosse Coordinator) was invited to the

- meeting. She stated that within the rules currently being used any player or team may use and wear headgear that meets ASTM standard. The Safety Committee directed that the data and research be shared with the Girls Lacrosse Committee to gather their thoughts and opinions. Liz will report back to the Safety Committee at the Fall meeting. The Girls Lacrosse Committee is also discussing a possession clock proposal to help minimize risk.
- 2. NYSPHSAA Thunder and Lightning Policy. Several Safety Committee members were able to take part in a trial from EarthNetworks on their spheric maps application. NYSPHSAA would like to thank EarthNetworks for allowing our committee a trail period. The data that can be obtained from the application is very useful and valuable to our member schools but can be cumbersome to navigate through the application. There is also a price to NYSPHSAA/member schools for the use of the application. For a 5-year contract it would cost NYSPHSAA \$47,000 or our member schools \$47 per school. For a 1-year contract if would cost \$77,000 or \$77 per member school. Based on these two factors the committee was not interested in recommending the use of spheric maps in the Thunder and Lightning policy. The committee would like to add the use of WeatherBug to the current policy knowing that the information obtained by WeatherBug might not be 100% accurate. The NYSPHSAA Staff, Jarett Rhoads, and Jim Rose will work on language and propose to the Safety Committee at the Fall meeting.
- 3. Baseball Pitch Count Modification for Spring 2021. With the modification of the sport seasons due the current pandemic there is a need to adjust the baseball pitch count for the 2021 season. The baseball committee is recommending that the March pitch count be moved to April, the April pitch count be moved to May and the May pitch count be moved to June. This change is for Varsity level only. A question was raised about Sections that will be starting baseball in May. Sections can be more restrictive and use the April pitch counts if they want to. The committee was fully in support of the proposal with one abstention (Section 11). The proposal will go to the NYSPHSAA officers for their approval.
- 4. Section Concerns. Section 8 and Section 2 asked Darryl Daily if the physical waiver was going to be extended past this current school year. Both Sections would like to see the regulation return to the regulation prior to the pandemic. Darryl will inquire within his department and plan on reporting the answer at the May Executive Committee meeting.

#### Friend & Neighbor Application Process

	Action Item		
X	Discussion Item		
	Informational Item		

#### Presenter:

Dr. Robert Zayas, NYSPHSAA Executive Director

#### Proposal:

Consider approval to amend the Friend & Neighbor application process to the following:

- 1. Complete and submit the Friend & Neighbor application to NYSPHSAA, Inc.
- 2. NYSPHSAA will contact the Section Executive Director from the school's location (if applicable) regarding any potential concerns.
- 3. NYSPHSAA will work with the Section Executive Director to ensure the school understands all rules and responsibilities.
- 4. The school's name will be presented to the NYSPHSAA Executive/Central Committee for approval at the next scheduled meeting.
- 5. The Friend & Neighbor school will be invoiced \$200, annually.
- 6. Friend & Neighbor schools will still need to follow the subsequent rules:
  - a. Friend and Neighbors schools may compete against NYSPHSAA, Inc., member schools only through the league level of play.
  - b. Friend and Neighbors schools are eligible to compete with NYSPHSAA, Inc., member schools in all sections excluding post-scheduled contests.
  - c. The two-hundred-dollar fee is payable every year and invoiced annually.
- 7. Approval will remain indefinitely unless the following occurs:
  - a. The section where the school is located presents an issue with Friend & Neighbor status.
  - b. The school requests, in writing, to be removed as a Friend & Neighbor.
  - c. The school does not pay their annual invoice of \$200.

#### **Effective Start Date:**

July 2021

#### Rationale:

Currently, the process is convoluted due to the school's needing to apply every two years but are invoiced yearly. The benefits of the new process are as follows:

- 1. Removes additional responsibilities away from the sections.
- 2. Streamlines the process to mirror NYSPHSAA membership invoicing procedure.
- 3. Provides one central point of contact for both the section and Friend & Neighbor schools.

The NYSPHSAA Handbook states, "All other schools which are registered with the State Education Department shall apply for Friends and Neighbors status to be eligible to compete with NYSPHSAA, Inc., member schools. Applications must be processed through the Sectional Athletic Council in which the

school is located. The application shall contain the agreement to abide by the NYSPHSAA, Inc., rules and will be signed by the applicant. The application, with an administrative fee of two hundred dollars, shall be forwarded by the Section Secretary to the Executive Director of the State Association with recommendations and substantiating statements for or against approval. The State Executive Committee shall make the final determination. Approval shall only be for a period of two years at which time schools may reapply for Friends and Neighbors status."

#### **BOYS & GIRLS TENNIS – ADOPT LINEUP RULE FOR REGIONALS & STATES**

	Action Item		
<u> </u>	Discussion Item		
	Informational Item		

#### Presenters:

Selina DeCicco, NYSPHSAA Boys Tennis State Coordinator Chris Horgan, NYSPHSAA Girls Tennis State Coordinator

#### Proposal:

The NYSPHSAA Boys & Girls Tennis State Committees are seeking approval to adopt a new Lineup Rule for Team Championship competition at the Regional and State Tournament levels for a two-year experiment.

- The NYSPHSAA Boys & Girls Tennis State Team Championship Line-up Rule shall treat singles and doubles as separate entities.
  - #1 and #2 singles to be restricted to singles positions #1 and #2
- Stacking is prohibited. The definition of stacking is:
  - o Positioning players out of ability order
  - Positioning greater skilled singles players below lesser skilled singles players and/or positioning greater skilled doubles teams below lesser skilled doubles teams;
  - o Penalty for stacking is forfeiture from a Regional or State Tournament match
- Submission of Lineups Coaches are required to provide the team's roster, singles ranking ladder, doubles ranking ladder, season challenge matches, participant USTA/UTR rankings and team/individual records of season contests, upon request by an opposing coach or NYSPHSAA official, to the Coach, Section Coordinator and State Coordinator/Tournament Director by 6 pm the day prior to the start of Regionals and of State Semi-Final contests. Any changes to a submitted lineup must be approved by the tournament committee.
- Should any participant refuse to compete for any reason other than injury, illness or personal circumstance, then the participant(s) shall become ineligible to participate in a later round.

#### **Effective Start Date:**

October 2021

#### Rationale:

To offer fair conditions of competition for the NYSPHSAA Team State Tennis Championships requires a uniform rule that governs the structure of the team line-up for team state championship contests. The line-up rule proposed is already found across NYSPHSAA. This rule allows all coaches to allocate their team talent in the manner that can create a competitive option for their teams. Additionally, the proposed lineup rule provides equal recognition to singles and doubles events which is commensurate with the team scoring system.

While the proposed team lineup rule may require Sectional Team Champions to adapt to Regional and State Tournament lineup guidelines, the structure proposed provides fair opportunity for NYSPHSAA teams statewide with disparity of ability, the best opportunity to compete with competitive balance.

## Executive Committee Meeting - May 5, 2021

#### **Proposal Originated:**

The NYSPHSAA Boys & Girls Tennis Committee Joint Meeting on December 14, 2020. A subcommittee was formed and met several times to develop the proposal which was ultimately voted 6-2 in favor for the Boys and 7-2 in favor for the Girls on March 8, 2021. The sub-committee was made up of Selina DeCicco (boys coordinator), Chris Horgan (girls coordinator), Terence McMahon (Section 6 coordinator), Josh Bartolotta (Section 5 coordinator), Michael Kazin (Section 8 coordinator) and Shai Fisher (Section 8).

#### **Budgetary Impact:**

There is no financial impact

Attachments:

None

**CAC Feedback:** 

No concerns

#### OTHER INFO TO BE INCLUDED IN CHAMPIONSHIP OPERATIONS PACKET (PROCEDURAL ITEMS):

- Stacking The term "stacking" is not defined in the USTA Rules and Regulations "Friend at Court".
   A fundamental ethical standard for tennis coaches requires that players must be arranged in the proper order of ability from top to bottom at the singles and doubles positions for team matches. Stacking occurs when a coach violates this principle. Stacking is not allowable for any reason and any team that stacks its line-up faces forfeiture of the match.
- Lineup Changes At the conclusion of the Team Regionals or State Semifinals, coaches are
  permitted to make changes to their lineups and submit their final entries one hour before the
  start of the scheduled contest.
- Filing Protests Should any regional or state lineup protest become necessary after lineups have been submitted, a written protest must be filed to the NYSPHSAA Regional Tournament Committee and/or NYSPHSAA State Tournament Committee/State Coordinator respectively, at least one hour before the scheduled contest for any consideration.
- Ruling on Protests The Regional or State Tournament Committee, who will review and decide
  on all lineup protests, will be comprised of the State Coordinator and the Section Coordinators of
  opposing teams involved in the contest for which the lineup protest originated.
- Scoring System The proposed lineup rule provides equal recognition to singles and doubles events which is commensurate with the team scoring system. This awards one point to a team that wins a position match whether it's a singles or doubles match. Division 1 teams must win four of seven matches to win the contest while Division 2 teams will require winning three of five matches to win the contest.
- Adaptability While the proposed team lineup rule may require Sectional Team Champions to
  adapt to Regional and State Tournament lineup guidelines, the structure proposed here provides
  a fair opportunity for NYSPHSAA teams statewide with disparity of ability, the best opportunity to
  compete with competitive balance.

# **CROSS COUNTRY:** Change to Classification Cut-off Numbers

Effective Start Date: Fall 2021					
Rationale:  The Boys and Girls Cross Country Committees support the philosophy that the 4 classes should be broken down with an equal number of schools within each classification, as much as possible. The current proposed recommendation meets that philosophy. The committee used the 2021-2022 school enrollment numbers and updated the teams in each Section, taking into account all merged teams. The 2021-2022 school enrollment numbers are based on the final 2019-2020 BEDS numbers provided to NYSPHSAA from SED. The school enrollment numbers ONLY effect Sectional and State Competition in the sport of Cross Country across all Sections. Each Section does have a minimum of two teams in each class except Section 7 (Plattsburgh High School). The committee is strongly recommending that if the proposal is approved that the new classifications are instituted for the 2021 season. If they have to wait until the 2022 season, they feel the numbers used to make the recommendation will be two years old.

# New York State Athletic Administrators Association

April 6, 2021

Mrs. Becky Ahart 87 Rockland Road Roscoe, NY 12776

Dear Becky,

On behalf of the Board of Directors of the New York State Athletic Administrators Association, it is indeed a great honor to inform you that your husband, Fred, has been chosen to be added to the third class of the NYSAAA Athletic Administrator "Wall of Honor." He is one of four athletic administrators to be added this coming year (2022).

His selection comes as a result of a two-step process. All nominees are screened by the Veterans Committee and recommendations made to the Executive Board, who make the final determination of those to be added. I commend both of you on this distinguished honor as a result of a very successful career.

The ceremony for 2022 will take place on a date to be determined as part of the David Martens Awards Luncheon at the Saratoga Hilton in Saratoga Springs, NY at 12 noon. More information will be provided and requested by the Executive Director later this fall regarding arrangements to attend the ceremony and about the ceremony itself.

We certainly hope that you and family member(s) will be able to join us next March in Saratoga Springs to be part of this honor bestowed upon your husband by the NYSAAA. Best wishes to you, and please know that you will be receiving further communications from the Executive Director's office. Should yo have any questions at this time, please contact Alan Mallanda at 607-368-5060.

Respectfully,

Mike Murray

Mike Murray, CMAA President
